BOOK SYNOPSIS

The collected essays of the "moral voice of [the] American stage" (The New York Times) in a Penguin Classics Deluxe Edition Arthur Miller was not only one of Americas most important twentieth-century playwrights, but he was also one of its most influential literary, cultural, and intellectual voices. Throughout his career, he consistently remained one of the countrys leading public intellectuals, advocating tirelessly for social justice, global democracy, and the arts. Theater scholar Susan C. W. Abbotson introduces this volume as a selection of Millers finest essays, organized in three thematic parts: essays on the theater, essays on specific plays like Death of a Salesman and The Crucible, and sociopolitical essays on topics spanning from the Depression to the twenty-first century. Written with playful wit, clear-eyed intellect, and above all, human dignity, these essays offer unmatched insight into the work of Arthur Miller and the turbulent times through which he guided his country. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.
