BOOK SYNOPSIS

SYSTEMS ANALYSIS AND DESIGN, NINTH EDITION offers a practical, visually appealing approach to information systems development. The integrated Video Learning Sessions available via CourseMate will increase engagement and improve student understanding of the course material. Throughout the book, real-world case studies emphasize critical thinking and IT skills in a dynamic, business-related environment. Numerous projects, assignments, end-of-chapter exercises, and a Student Study Tool accessible only in CourseMate provide hands-on practice. The new Ninth Edition will help prepare students for success in today's intensely competitive business world. CourseMate includes an integrated e-book, interactive activities and quizzes as well as the brand new Engagement Tracker feature. In addition, CourseMate is the only place to gain access to the SCR case study. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
