## BOOK SYNOPSIS

When the person he loves most dies in tragic circumstances, the mysterious protagonist of *The Map of Chaos* does all he can to speak to her one last time. He needs to confess the secret he did not dare tell her while she was alive. In Victorian London, when spiritualism was at its height, a session with the most renowned medium of all time seems to offer the only solution, but the experience unleashes terrible forces that bring the world to the brink of disaster. Salvation can only be found in *The Map of Chaos*, a mysterious book that he is desperate to find. In his search, he is given invaluable help by Arthur Conan Doyle, Lewis Carroll, and of course by H.G. Wells, whose *Invisible Man* seems to have escaped from the pages of his famous novel to sow terror among mankind. They alone can discover the means to save the world and to find the path that will reunite the lovers separated by death. *The Map of Chaos* is a thrilling adventure in which the author, displaying his customary talent for writing and subtle humour, mixes impossible loves, non-stop action, true ghosts and fake mediums in an explosive cocktail that is sure to captivate readers all over the world. Or as the mysterious narrator of this novel might put it, of all possible worlds.
